SATISFIED PARTNERS

ABATEC Electronic AG

"Innovation is our strength. SCCH assists us in its successful implementation."

*DI Friedrich Niederndorfer, MBA
CEO*

voestalpine Stahl GmbH

"With the development of a new run-time environment by SCCH, we are a step ahead in steel production. Their research-oriented approach convinces us that we will work with SCCH in the future as well."

*Dr. Peter Reisinger
Head of research & development
Business area: hot-rolled steel strip*

COMNEON Electronic Technology GmbH & Co. OHG

"The innovative approaches of SCCH are significant factors in the successful implementation of our software tools. At Comneon we trust the expertise and human qualities of Software Competence Center Hagenberg."

*DI Robert Raschhofer
Director
DI Gernot Reisinger
Technical Director*

OÖ. Gebietskrankenkasse (Upper Austrian health insurance fund)

"The bundling of various scientific disciplines and the resulting synergy effects convince us to commission SCCH."

*Manfred Schöneborn
Head of Competence Center LGKK*

CPB Software AG

"SCCH is convincing in its competence and independence, which serves us as a guarantee of objective evaluation even of complex software products. Thus SCCH has become an important partner for us in the selection of commercial products and in the quality control of our own systems."

*Peter Thomayer
Chairman of the board*

ABOUT US

Competitive edge through innovation

Software Competence Center Hagenberg (SCCH) is one of the largest independent software research centers in Austria and a harbinger in software-related, technological research & development trends.

You profit from our knowledge

Software Competence Center Hagenberg is already successfully applying tomorrow's technologies today in application-oriented research projects.

You succeed through our competence

Success is measurable and visible: SCCH's success is reflected in the Best Business Award 2004, the award for top performance among companies, and the Upper Austrian Innovation Award 2005, which is the result of our excellence in science and software engineering.

OUR COMPETENCE

SCCH guarantees internationally recognized research & development services. The combination of scientific disciplines around computer science and mathematics makes SCCH unique.

We offer excellent know-how and professional project management in the following areas:

- Process and Quality Engineering
- Integrated Software Engineering Tools
- Enterprise Applications – Architectures, Technologies and Processes
- Software Architectures & Technologies for Industrial Applications
- Industrial Data Warehousing
- Industrial Data Mining
- Biomedical Data Mining
- Knowledge-based Vision Systems for Industrial Applications

We invite you to experience application-oriented industrial research & development first-hand and in a new way. Call us, for we breathe life into your visions and ideas with software.

YOUR PARTNER

Companies of all sizes, from small businesses to large concerns, regardless of their branch, employ information technology.

Promote innovative software solutions in your ICT area. Successful information technology thrives on targeted innovation.

Become a partner of Software Competence Center Hagenberg!

YOUR BENEFITS

Access up-to-date scientific knowledge and reduce your risks while maintaining your budget thanks to subsidies.

Turn your ideas into reality and profit from our international team of experts.

Promote utmost quality through systematic quality assurance across all software engineering processes.

Raise the success rate of your projects and cooperate with us, your competent technology partner.

Leave the competition behind, for our expertise assures you tomorrow's competitive advantage today.
